Conference at a Glance

Bridging the Gap: Uniting North Carolina K-16 STEM Education is an annual conference that unites K-12 education, higher education, industry, government and other STEM groups to work toward the common goal of strengthening K-16 science, technology, engineering and math education in North Carolina. Since 2012, more than 3,585 stakeholders from 96 of North Carolina's 100 counties and 26 states have come together at ***Bridging the Gap*** to share best practices, ideas and resources.
