

INDUSTRY CONNECTIONS

Catalyzing Career Interest in Biopharmaceutical Manufacturing in North Carolina: New Challenges and New Solutions

This session will explore biopharmaceutical manufacturing, the challenges this industry faces, and why this is a promising career opportunity for students. Middle and high school teachers will have the opportunity to sign up for the National Institute for Innovation in Manufacturing Biopharmaceuticals (NIIMBL) bioLOGIC program, a biopharmaceutical manufacturing project-based learning experience for students.

Presentation Target:

Middle School, High School

Presenter(s):

1. John Balchunas, NIIMBL Workforce Director
2. Hee-Sook Song, NC Biotech Workforce Development Director
3. Logan Modlin, bioLOGIC Program Coordinator
