

STEM FOR ALL

Name of Submitter: Jessica Hicks

Submitter Email: jessica.hicks@cabarrus.k12.nc.us

STEM in the English Classroom

Come learn how to integrate STEM tools such as robotics, coding and Stop Motion into middle and high school English classes with this hands-on session. Participants will learn how students can use Hummingbird Robotics in short stories and poems as well as how to use Legos and Stop Motion with texts such as Romeo and Juliet! Participants will leave with lessons to implement immediately upon return to their classrooms. Conference attendees also will learn how to embed these STEM tools in cross-curricular lessons with English and other CORE subject areas.

Presentation Target:

High School

Presenter(s):

1. Jessica Hicks, STEM English 1 Teacher, Central Cabarrus High School
2. Jennifer Caligan, STEM Coach/Coordinator, Cabarrus County Schools
