

## HANDS-ON, MINDS-ON INSTRUCTIONAL PRACTICES

**Name of Submitter:** Rachael Polmanteer

**Submitter Email:** [rachael@ciblearning.org](mailto:rachael@ciblearning.org)

### **Supporting Science and Engineering Practices Implementation in the Elementary Classroom**

Come learn with us as we share strategies and curriculum ideas for implementing SEPs and inquiry skills in elementary classes. We also will share ways that writing, reading and math blend seamlessly with science. Leave with lesson resources and strategies for engaging all students! This is a hands-on session, of course!

### **Presentation Target:**

Elementary School

### **Presenter(s):**

1. Rachael Polmanteer, Associate Director, The Center for Inquiry Based Learning (CIBL)
2. Melaine Rickard, Teacher and Curriculum Support Specialist, The Center for Inquiry Based Learning
3. Todd Guentensberger, Executive Director, The Center for Inquiry Based Learning
