

## HANDS-ON MINDS-ON INDUSTRIAL PRACTICES

Name of Submitter: MK Baker

Email: mbaker@wcpss.net

**Presentation Title: Splice, Splice Baby: Integrating Art and Science**

Participants will experience a brief overview of a cross-curricular genetic engineering unit that combines AP biology content with skills from AP language and composition, and visual arts. Participants will be immersed in a mini PBL experience, and will generate ideas for embedding opportunities for artistic expression within science courses.

**Presentation Target:**

High School

**Presenter(s):**

1. MK Baker, Science Teacher, Wake STEM Early College High School
2. Cassandra McClellan, English Teacher, Wake STEM Early College High School
