

## OUTREACH EXPO

Name of Submitter: Chase Barnhill

Submitter Email: chase\_barnhill@ncbiotech.org

**Presentation Title: NIIMBL bioLOGIC: Project-Based Learning to Inspire Life Sciences Careers**

NIIMBL bioLOGIC's collaborative approach to education, entrepreneurship and technology helps students engage with life science career pathways. The program leverages a project-based learning approach, alongside exposure to local colleges, universities and employers to reinforce the real-world impacts.

**Presentation Target:**

High School

**Presenter(s):**

1. Chase Barnhill, Associate Director, Workforce Development, North Carolina  
Biotechnology Center
