

## HANDS-ON MINDS-ON INDUSTRIAL PRACTICES

Name of Submitter: Jayne Carlisle

Submitter Email: [ajcarli4@ncsu.edu](mailto:ajcarli4@ncsu.edu)

**Presentation Title: Ignite STEM: Connecting Classrooms to N.C. Science Olympiad Events**

Get ready to spark curiosity and boost engagement in your classroom! This session is all about blending North Carolina science standards with the excitement of N.C. Science Olympiad events geared to elementary teachers. Discover creative, hands-on ways to teach core concepts through fun, competitive challenges that get students thinking, building and exploring like real scientists. You'll leave with fresh ideas, ready-to-use activities, and a new twist on teaching science that keeps both you and your students inspired!

**Presentation Target:**

Elementary School

**Presenter(s):**

1. Jayne Carlisle, Program Coordinator, N.C. Science Olympiad
2. Jason Painter, Director, The Science House
3. Valerie Bass, Development & Marketing Officer, The Science House
