

HANDS-ON MINDS-ON INDUSTRIAL PRACTICES

Name of Submitter: Jayne Carlisle

Submitter Email: ajcarli4@ncsu.edu

Presentation Title: Ignite STEM: Connecting Classrooms to N.C. Science Olympiad Events

Get ready to spark curiosity and boost engagement in your classroom! This session is all about blending North Carolina science standards with the excitement of N.C. Science Olympiad events. Discover creative, hands-on ways to teach core concepts through fun, competitive challenges that get students thinking, building and exploring like real scientists. You'll leave with fresh ideas, ready-to-use activities and a new twist on teaching science that keeps both you and your students inspired!

Presentation Target:

Middle School
