Presentation Title: STEM School Improvement Through the Lens of N.C. STEM Schools of Distinction

This introductory session explores the STEM Schools of Distinction process and the STEM Schools Progress rubric for school improvement. Learn how to use the rubric as a powerful roadmap and evaluative tool for what a good STEM school or program looks like. Gain valuable insight if, as a school leader, you are asked, “What is a STEM school?” or “How can our school become a high-quality STEM school?”
