

## STEM FOR ALL

Name of Submitter: Daniel Gridley

Submitter Email: dgridley@wcpss.net

**Presentation Title: All Learners Have All Access**

In this presentation, participants will explore how to ensure ALL learners have access to collaborative STEM opportunities across all learning spaces. Through hands-on engagement with the IDEAS Design Cycle, attendees will experience strategies for integrating core standards across disciplines. The session will highlight how Monday Magnet STEM Meetings empower educators to build collective efficacy, fostering a supportive environment for innovation. Expect interactive discussions, practical applications and takeaways that can be immediately implemented to grow teacher capacity and enhance student engagement in STEM. Join us to discover how to make STEM accessible, meaningful and impactful for every learner!

**Presentation Target:**

Elementary School

**Presenter(s):**

1. Daniel Gridley, Magnet Coordinator, Conn Magnet Elementary School of Entrepreneurial Design
2. Caryll Orejola, STEM/Technology Teacher, Conn Magnet Elementary School of Entrepreneurial Design
