

OUTREACH EXPO

Name of Submitter: Amy Isvik

Submitter Email: aaisvik@ncsu.edu

Presentation Title: Explore Engineering with The Engineering Place at N.C. State University

We will highlight the range of opportunities for educators through The Engineering Place at N.C. State University, including professional learning opportunities and opportunities to engage your students in hands-on engineering activities both on the N.C. State campus and at your school with support from N.C. State students, staff and faculty. We also have a library of hands-on engineering activities.

Presentation Target:

Elementary School

Presenter(s):

1. Amy Isvik, K-20 Engineering Outreach Program Coordinator, North Carolina State University
2. Leah Bug, Director of The Engineering Place, North Carolina State University
