

## HANDS-ON MINDS-ON INDUSTRIAL PRACTICES

Name of Submitter: Christine Mitchell

Email: [christine.mitchell@wilsonschoolsnc.net](mailto:christine.mitchell@wilsonschoolsnc.net)

**Presentation Title: From Planning to Practice: Elevating STEM PD**

In this interactive session, participants will explore practical, high-impact strategies for designing and delivering engaging STEM professional development. Through hands-on activities, collaborative planning and real-world examples, coaches and facilitators will learn how to model best practices, spark educator engagement, and align PD with authentic STEM practices. Expect to leave with ready-to-use tools, a sample PD framework, and new approaches for transforming STEM learning experiences for adult learners.

**Presentation Target:**

Elementary School

**Presenter(s):**

1. Christine Mitchell, District STEM Coordinator, Wilson County Schools
2. Jenny Combs, Digital Teaching and Learning Specialist, Wilson County Schools
