RIGOR AND REPRODUCIBILITY IN ANIMAL  
STUDIES 2026 CONFERENCE

**February 24-25, 2026**

**The University of North Carolina at Chapel Hill**

***Rigor and Reproducibility in Animal Studies*** is a two-day conference to promote the important concepts of translational value, rigor and reproducibility in animal research. This conference is intended for anyone involved in research with animal models. The audience will include graduate students, faculty researchers, postdoctoral fellows, attending veterinarians and research staff who conduct animal-based research.

**Registration rates (includes both days):**

- Early Bird (through January 9, 2026): \$160 for NCABR Member Employees; \$260 for All Others
- Regular Rate (January 10 – February 16, 2026): \$210 for NCABR Member Employees, \$310 for All Others
